The Seventh International Conference on Laser Spectroscopy or SEICOLS'85 was held at the Maui Surf Hotel, Hawaii, USA, June 24 to 28, 1985. Like its predecessors at Vail, Megeve, Jackson Lake, Rottach-Egern, Jasper Park, and Interlaken, SEICOLS '85 aimed at providing an informal setting for active scientists to meet and discuss recent developments and applications in laser spectroscopy. The Conference site on the sunny sands of famed Kaanapali Beach on the Island of Maui, although perhaps not the traditional mountain resort, offered nonetheless an atmosphere most inspiring to creative discussions during the unscheduled afternoons. The Conference was truly international: 223 scientists represented 19 countries, including Australia, Canada, People's Republic of China, Denmark, Finland, France Germany (FRG), Great Britain, Israel, Italy, Japan, South Korea, Netherlands, New Zealand, Poland, Spain, Sweden, Switzerland, and U.S.A. The intense scientific program included 14 topical sessions with 59 invited talks. Approximately 60 additional invited papers and 16 postdeadline papers were presented during three lively evening poster sessions. The present Proceedings contain oral as well as poster and postdeadline papers. We thank all authors for the timely preparation of their manuscripts, now available to a wider audience. We would also like to thank the members of the International Steering Committee for their valuable suggestions and advice. Our special thanks go to the members of the Program Committee for their painstaking efforts.

Level 7 is the diary of Officer X-127, who is assigned to stand guard at the "Push Buttons," a machine devised to activate the atomic destruction of the enemy, in the country's deepest bomb shelter. Four thousand feet underground, Level 7 has been built to withstand the most devastating attack and to be self-sufficient for five hundred years. Selected according to a psychological profile that assures their willingness to destroy all life on Earth, those who are sent down may never return. Originally published in 1959, and with over 400,000 copies sold, this powerful dystopian novel remains a horrific vision of where the nuclear arms race may lead, and is an affirmation of human life and love. Level 7 merits comparison to Huxley's *A Brave New World* and Orwell's *1984* and should be considered a must-read by all science fiction fans. This book is a follow up to the book of *The Beast and The End of Time*, published 2018. The book is about many turbulent and chaotic times we will go through before the return of Jesus Christ. Because of the political system we live under, many people will be too busy to pay attentions as to what is going on around us; social, political, economic, and most of all spiritual unrest. The ungodly ways in which we live our lives, will bring on much trouble. The recipes, stories, and history in *The Eve of Seven Fishes* will take you back to the simple days of your youth, from opening Christmas presents after enjoying the mouthwatering meal of anchovy spaghetti, fried smelts, and Baccala, to savoring the smell of garlic and the company of Uncle Tony and Cousin Vinnie. Author Robert A. Germano entices your taste buds with his delectably authentic Italian recipes from the Old Country. With recipes centered around the simple Italian meal prepared on Christmas Eve, you'll savor the flavor of garlic and basil in

Germano's homemade spaghetti sauce and learn how to make true Italian biscotti. The kitchen was the heart of the Italian home. Not only was it a place to cook, but it was also the entertainment area for gossip, arguments, solving riddles, and more laughter than your cheeks could endure. The Eve of Seven Fishes invites you into Germano's kitchen and introduces you to the peasant cooking of years gone by. But remember, "Too many wines spoil the cook."
