Kasher in the Rye Jul 13 2022 Rising young comedian Moshe Kasher is lucky to be alive. He started using drugs when he was just 12. At that point, he had already been in psychoanalysis for 8 years. By the time he was 15, he had been in and out of several mental institutions, drifting from therapy to rehab to arrest to...you get the picture. But KASHER IN THE RYE is not an "eye opener" to the horrors of addiction. It's a hilarious memoir about the absurdity of it all. When he was a young boy, Kasher's mother took him on a vacation to the West Coast. Well it was more like an abduction. Only not officially. She stole them away from their father and they moved to Oakland, California. That's where the real fun begins, in the war zone of Oakland Public Schools. He was more than just out of control-his mother walked him around on a leash, which he chewed through and ran away. Those early years read like part Augusten Burroughs, part David Sedaris, with a touch of Jim Carrol...but a lot more Jewish. In fact, Kasher later spends time in a Brooklyn Hasidic community. Then came addiction... Brutally honest and laugh-out-loud funny, Kasher's first literary endeavor finds humor in even the most horrifying situations.

I Will Survive Feb 08 2022 I Will Survive is the story of Gloria Gaynor, America's "Queen of Disco." It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts, including "Honey Bee," "I Got You Under My Skin," "Never Can Say Goodbye," and the song that has immortalized her, "I Will Survive," which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the top of your game and never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day.

Psychology Mar 17 2020 This title is available in a new edition Success is in the balance. In the Second Canadian Edition of Psychology, John Santrock and John Mitterer present the perfect balance of big ideas vs. supporting detail, breadth vs. depth, and research vs. application, all framed by a pedagogical system that effectively guides the student through the key concepts of psychology. New learning goals launch each chapter and serve as the organizing mechanism for the text and supporting materials, focusing students' attention on the big ideas of psychology. Rich applications and current research from Canada, the United States, and other countries support the big ideas so that students emerge with an understanding of the key concepts, not a collection of details. Santrock and Mitterer provide both you and your students with the balance you need to succeed!

Foundations of Topology Sep 15 2022 Topology is a branch of pure mathematics that deals with the abstract relationships found in geometry and analysis. Written with the mature student in mind, Foundations of Topology, Second Edition, provides a user-friendly, clear, and concise introduction to this fascinating area of mathematics. The author introduces topics that are well motivated with thorough proofs that make them easy to follow. Historical comments are dispersed throughout the text, and exercises, varying in degree of difficulty, are found at the end of each chapter. Foundations of Topology is an excellent text for teaching students how to develop the skill to write clear and precise proofs.

Bad Love Strikes Nov 05 2021 In October 1939, Albert Einstein warns President Franklin D. Roosevelt that Nazi Germany is actively pursuing an atomic bomb and urges him to make sure that the United States develops the bomb first. Roosevelt heeds the warning and launches the "Manhattan Project" in June 1942.

Special Relativity for Beginners Dec 18 2022 This book, first appearing in German in 2004 under the title *Spezielle Relativitätstheorie für Studienanfänger*, offers access to the special theory of relativity for readers with a background in mathematics and physics comparable to a high school honors degree. All mathematical and physical competence required beyond that level is gradually developed through the book, as more advanced topics are introduced. The full tensor formalism, however, is dispensed with as it would only be a burden for the problems to be dealt with. Eventually, a substantial and comprehensive treatise on special relativity emerges which, with its gray-shaded formulae, is an invaluable reference manual for students and scientists alike. Some crucial results are derived more than once with different approaches: the Lorentz transformation in one spatial direction three times, the Doppler formula four times, the Lorentz transformation in two directions twice; also twice the unification of electric and magnetic forces, the velocity addition formula, as well as the aberration formula. Beginners will be grateful to find several routes to the goal; moreover, for a theory like relativity, it is of fundamental importance to demonstrate that it is self-contained and without contradictions. The Book of Athyra Jan 27 2021 The Book of Jhereg and The Book of Taltos collected the first five novels of Steven Brust's highly imaginative fantasy series that Locus praised as "entertaining and worth reading." The Book of Athyra features books six and seven in the series—Athyra and Orca. Vlad Taltos is a sorcerer and assassin without peer—as deadly at spell casting as he is with sword wielding. Accompanying him on his journeys are two leathery-winged jhereg who share a telepathic link with Vlad—and triple his chances against even the most powerful of enemies... In Athyra, Vlad finds he's ready to retire himself and his jhereg companions, but the biggest hitters of the House of the Jhereg have something else in mind. In Orca, Vlad must repay a debt to a boy who saved his life—even if it means breaking a financial scandal big enough to bring down the House of the Orca, and possibly the entire Empire...

Fairies Afield Aug 02 2021 Fairies Afield" is a delightful children's book with kind and generous kids doing wonderfully lovely things, for which they receive magical prizes from fairies. It contains four charming stories. "Ask the Robin" deals with two orphaned sisters who need to survive on their own but may require help from fairies. "A Magic Table" is about three poor cousins who must earn the right to inherit their uncle's assets. "The Weather Maiden" revolves around a shy young girl having an awful time adapting to living with her aunt and uncle. "The Enchanted Trunks" deals with a girl who decides to travel with her cousin, but her main concern is being able to pack everything efficiently.

The Genius of Islam Nov 24 2020 The Middle Ages were a period of tremendous cultural and scientific advancement in the Islamic Empire—ideas and inventions that shaped our world. Did you know that: • The numbers you use every day (Arabic numerals!) are a Muslim invention? • The marching band you hear at football games has its roots in the Middle East? • You are drinking orange juice at breakfast today thanks to Islamic farming innovations? • The modern city's skyline was made possible by Islamic architecture? The Muslim world has often been a bridge between East and West, but many of Islam's crucial innovations are hidden within the folds of history. In this important book, Bryn Barnard uses short, engaging text and gorgeous full-color artwork to bring Islam's contributions gloriously to life. Chockful of information and pictures, and eminently browsable, The Genius of Islam is the definitive guide to a fascinating topic.

The GMO Deception Apr 10 2022 Seventy-five percent of processed foods on supermarket shelves—from soda to soup, crackers to condiments—contain genetically engineered ingredients. The long-term effects of these foods on human health and ecology are still unknown, and public concern has been steadily intensifying. This new book from the Council for Responsible Genetics gathers the best, most thought-provoking essays by the leading scientists, science writers, and public health advocates. Collectively, they address such questions as: Are GM foods safe and healthy for us? Will GM food really solve world hunger? Who really controls the power structure of food production? Are GM foods ecologically safe and sustainable? Why is it so difficult to get GM foods labeled in the US? What kinds of regulations and policies should be instituted? How is seed biodiversity, of lack thereof, affecting developing countries?

Should animals be genetically modified for food? How are other countries handling GM crops? Ultimately, this definitive book encourages us to think about the social, environmental, and moral ramifications of where this particular branch of biotechnology is taking us, and what we should do about it.

Operation Mind Control (the Complete Edition) May 11 2022 *Operation Mind Control - The CIA - The Making and Unmaking of a KILLER!* This is the most terrifying true story ever to emerge from the united states. Walter Bowart has uncovered a huge government "cryptocracy" dedicated to controlling and manipulating human minds. Through hypnosis and drugs, ordinary citizens became CIA zombies, human computers, spies, trained assassins, with no control over their consciousness or consciousness of their actions. Only unexplained memory gaps, or a separate personality which emerged on a trigger cue, showed the victim that something else was amiss. Bowart's devastating account includes top secret documents cold-bloodedly outlining the cryptocracy's program, and startling new evidence to link Lee Harvey Oswald, James Earl Ray, and Sirhan Sirhan with Operation Mind Control. In the Manchurian Candidate that was fiction - OPERATION MIND CONTROL IS CHILLING FACT!

The Betrayal of Renegade X Oct 24 2020 Damien thinks he has the whole hero thing figured out-he's getting good grades at Heroesworth and acing all his missions-at least until he zaps an unarmed bad guy he believes tortured and murdered children. It turns out the "bad guy" was actually a superhero working with the school. The mission was staged, and Damien blew it. Now his best friend refuses to work with him, his dad is considering getting him professional help, and everyone's questioning whether or not he has a future as a hero—including his grandpa, who will do anything to ensure Damien's future lies in villainy. His grandpa creates a villain organization called the Truth, intent on exposing the way heroes really treat villains. But when the Truth launches its plan and the whole city erupts in chaos, Damien is caught between the opposing sides, and his future is anything but certain. With heroes and villains bent on destroying each other, it's up to him to do whatever it takes to stop the fighting, even if it means betraying the people closest to him.

Arbitrage Dec 06 2021 Questions about Amazon, FBA, arbitrage, or selling online? You can call (yes, CALL!) the author, Chris Green (or send a text if that's your thing). Phone number is included in this book. Arbitrage is the practice of taking advantage of a price difference between two or more markets, striking a combination of matching deals that capitalize upon the imbalance, the profit being the difference between the market prices. This is the complete, authoritative, and exhaustive manual outlining the Arbitrage business model. It has been compiled and made available to anyone interested in buying products to be resold online. In this book, Chris Green will give you the keys to the Arbitrage Kingdom with the mindset of unlimited opportunities and abundance and not one of scarcity. Empires are being built by using powerful new programs like ScanPower to source and evaluate items for resale. Pair this with Amazon's amazing fulfillment program called Fulfillment By Amazon (FBA) to outsource the storage, shipping, and customer service of your items, and you have a completely scalable, nearly risk-free business model with a near-zero entry cost. The techniques described in this book can be used by anyone, anywhere to build a small side business or large empire. The only limit is your imagination.

Madelyn's Storybook Apr 17 2020 Capture Stories Written and Illustrated by Your Child at this very special age. Keep Your Little One busy this summer with their very own story books written and illustrated by them! Are you looking for that perfect gift for that special child in your life? This is a great educational gift that will inspire creativity. Story paper is ideal for young children who are learning how to write and properly proportion letters (approximately Kindergarten - third grade). Our story paper has a measured space at the top for a title, then a picture box for the child to draw an illustration and then five lines for the child to write their story. Each measured space consists of two lines (top and bottom) .65" apart and a dotted line in the center to guide the child as they write. You may enjoy creating themed story books to reflect different children's interests or school subjects.

King Peggy Mar 09 2022 The charming real-life fairy tale of an American secretary who discovers she has been chosen king of an impoverished fishing village on the west coast of Africa. King Peggy chronicles the astonishing journey of American secretary, Peggelene Bartels, who suddenly finds herself king to a town of 7,000 people on Ghana's central coast, half a world away. Upon arriving for her crowning ceremony in beautiful Otuam, she discovers the dire reality: there's no running water, no doctor, no high school, and many of the village elders are stealing the town's funds. To make matters worse, her uncle (the late king) sits in a morgue awaiting a proper funeral in the royal palace, which is in ruins. Peggy's first two years as king of Otuam unfold in a way that is stranger than fiction. In the end, a deeply traditional African town is uplifted by the ambitions of its decidedly modern female king, and Peggy is herself transformed, from an ordinary secretary to the heart and hope of her community.
