In this extraordinarily wide-ranging, insightful, and revelatory book, Tony Hiss is the much-praised author of *The Experience of Places* delves into a unique and instantly recognizable (though previously undescribed) experience that can happen to us when we travel, a special understanding and ability that can leave us feeling exhilarated. He illustrates how throughout human history - from our ancestors walking upright for the first time to astronauts walking on the moon - we have repeatedly availed ourselves of this seemingly elusive quality, which he calls 'Deep Travel.' The sensation of Deep Travel can overtake us, Hiss says, whenever we

tap into a sophisticated, wide-awake awareness we all possess. With a wealth of examples - from evocative accounts of his own journeys to celebrated travel writing across the centuries - Hiss identifies and rescues this powerful capacity and sets out simple techniques for accessing it no matter where we are. And this is only a jumping-off point for an original and penetrating explanation of how Deep Travel radically alters our perception of not only where we are but also when we are, by placing us in an 'extended present,' and how it acts as an open-sesame to enlarge and enrich the world around us. Going even further, he investigates how we can remain absolutely still but travel in time itself, as our horizons move backward to include layers of nature and human culture that have gone before, or project us forward to consider what our actions will mean to those who will inhabit our spot on earth a few generations from now. Whether travel takes you around the corner or around the world, once you've read *In Motion*, no journey will ever feel the same. An unforgettable German bestseller about the European refugee crisis: “Erpenbeck will get under your skin” (Washington Post Book World) *Go, Went, Gone* is the masterful new novel by the acclaimed German writer Jenny Erpenbeck, “one of the most significant German-language novelists of her generation” (The Millions). The novel tells the tale of Richard, a retired classics professor who lives in Berlin. His wife has died, and he lives a routine existence until one day he spies some African refugees staging a hunger strike in Alexanderplatz. Curiosity turns to compassion and an inner transformation, as he visits their shelter, interviews them, and becomes embroiled in their harrowing fates. *Go, Went, Gone* is a scathing indictment of Western policy toward the European refugee crisis, but also a touching portrait of a man who finds he has more in common with the Africans than he realizes. Exquisitely translated by Susan Bernofsky, *Go, Went, Gone* addresses one of the most pivotal issues of our time, facing it head-on in a voice that is both nostalgic and frightening. *Mindful Wandering* is an inspiring blend of memoir, travelogue, and environmental manifesto. As a translational ecologist, Rebecca Romsdahl is trained to ask critical questions about how we can improve our human relationships with the natural world for a sustainable, resilient future. As a farmgirl, she learned how to

observe nature and life through the changing seasons. In this collection of essays spanning two decades, Romsdahl weaves these ideas together as she travels our changing world. From a Minnesota farm to the mountains of Peru and the edge of the Sahara Desert, she explores strategies for sustainability and resilience, and advocates that we (especially those of us privileged enough to travel) must expand our mindful considerations to include all the other inhabitants of this beautiful Earth. Romsdahl practices, and preaches, mindful wandering to reduce her impacts on the natural environment, and to encourage us all to be better global citizens. She implores us, through the eyes of a farmgirl scientist, to ask soul-searching questions: How do we reconnect with the local, seasonal rhythms of life, while learning how to care about the whole Earth as our home? A kaleidoscopic, fast-paced tour of Latin America from one of the Spanish-speaking world's most outstanding writers. Lamenting not having more time to get to know each of the nineteen countries he visits after winning the prestigious Premio Alfaguara, Andrés Neuman begins to suspect that world travel consists mostly of "not seeing." But then he realizes that the fleeting nature of his trip provides him with a unique opportunity: touring and comparing every country of Latin America in a single stroke. Neuman writes on the move, generating a kinetic work that is at once puckish and poetic, aphoristic and brimming with curiosity. Even so-called non-places—airports, hotels, taxis—are turned into powerful symbols full of meaning. A dual Argentine-Spanish citizen, he incisively explores cultural identity and nationality, immigration and globalization, history and language, and turbulent current events. Above all, Neuman investigates the artistic lifeblood of Latin America, tackling with gusto not only literary heavyweights such as Bolaño, Vargas Llosa, Lorca, and Galeano, but also an emerging generation of authors and filmmakers whose impact is now making ripples worldwide. Eye-opening and charmingly offbeat, *How to Travel without Seeing: Dispatches from the New Latin America* is essential reading for anyone interested in the past, present, and future of the Americas. "Confronting and solving problems is a painful process which most of us attempt to avoid. Avoiding resolution results in greater pain and an inability to grow both

mentally and spiritually. Drawing heavily on his own professional experience, Dr M. Scott Peck, a psychiatrist, suggests ways in which facing our difficulties - and suffering through the changes - can enable us to reach a higher level of self-understanding. He discusses the nature of loving relationships- how to distinguish dependency from love; how to become one's own person and how to be a more sensitive parent. This is a book that can show you how to embrace reality and yet achieve serenity and a richer existence. Hugely influential, it has now sold over ten million copies - and has changed many people's lives round the globe. It may change yours." The author of *The Big Short* describes the effect that the bubble of cheap credit readily available to almost anyone between 2002 and 2008 had on countries beside the U.S., including Iceland, Greece and Germany. 200,000 first printing. This is a much-needed update on the latest theory and research on love supplied by leading scientific experts. It is suitable for psychologists, neuroscientists, anthropologists, sociologists, and anyone with an interest in love and what has been learned from scientific studies of it. A Dazzling Russian travelogue from the bestselling author of *Great Plains* In his astonishing new work, Ian Frazier, one of our greatest and most entertaining storytellers, trains his perceptive, generous eye on Siberia, the storied expanse of Asiatic Russia whose grim renown is but one explanation among hundreds for the region's fascinating, enduring appeal. In *Travels in Siberia*, Frazier reveals Siberia's role in history—its science, economics, and politics—with great passion and enthusiasm, ensuring that we'll never think about it in the same way again. With great empathy and epic sweep, Frazier tells the stories of Siberia's most famous exiles, from the well-known—Dostoyevsky, Lenin (twice), Stalin (numerous times)—to the lesser known (like Natalie Lopukhin, banished by the empress for copying her dresses) to those who experienced unimaginable suffering in Siberian camps under the Soviet regime, forever immortalized by Aleksandr Solzhenitsyn in *The Gulag Archipelago*. *Travels in Siberia* is also a unique chronicle of Russia since the end of the Soviet Union, a personal account of adventures among Russian friends and acquaintances, and, above all, a unique, captivating, totally Frazierian take on what he calls the

"amazingness" of Russia—a country that, for all its tragic history, somehow still manages to be funny. Travels in Siberia will undoubtedly take its place as one of the twenty-first century's indispensable contributions to the travel-writing genre. "Nearly every page has some crack piece of travel wisdom ... an accessible, inspiring journey." -Kirkus

*The Sell-Your-House, See-the-World Life!* Reunited after thirty-five years and wrestling a serious case of wanderlust, Lynne and Tim Martin decided to sell their house and possessions and live abroad full-time. They've never looked back. With just two suitcases, two computers, and each other, the Martins embark on a global adventure, taking readers from sky-high pyramids in Mexico to Turkish bazaars to learning the contact sport of Italian grocery shopping. But even as they embrace their new home-free lifestyle, the Martins grapple with its challenges, including hilarious language barriers, finding financial stability, and missing the family they left behind. Together, they learn how to live a life-and-love-without borders. From glittering Georgian mansions in Ireland to the windswept coasts of Portugal, this euphoric, inspiring memoir is more than a tale of second chances. Recently featured on NPR's *Here and Now*, as well as in the *New York Times*, *Home Sweet Anywhere* is a road map for anyone who dreams of turning the idea of life abroad into a reality. A collection of travel writing by some of the genre's finest authors, from Paul Theroux to Sara Wheeler, voyaging from Mississippi to Malawi and Thailand. The *New Granta Book of Travel Writing* represents a sea change in writers' approaches to the craft. The 1980s were the culmination of a golden age, when writers including Bruce Chatwin, James Hamilton-Paterson and James Fenton set out to document life in largely unfamiliar territory, bringing back tales of the beautiful, the extraordinary and the unexpected. By the mid 1990s, travel writing seemed to change, as a younger generation of writers appeared in the magazine, making journeys for more complex and often personal reasons. Decca Aitkenhead reported on sex tourism in Thailand, and Wendell Steavenson moved to Iraq as a foreign correspondent. What all these pieces have in common is a sense of engagement with the places they describe, and a belief that whether we are in Birmingham or Belarus, there is always something new to be

discovered. From Dr. Jennifer Ashton—the Chief Medical Correspondent at ABC News covering breaking medical news for Good Morning America and GMA3: What You Need to Know—comes a doctor’s guide to finding resilience in the time of COVID, while staying safe and sane in a rapidly changing world. In March 2020, “normal” life changed, perhaps forever. In its place we were confronted with life and routines that were unusual and different: the new normal. As we’ve all learned since then, the new normal isn’t just about wearing masks and standing six feet apart—it’s about recognizing how to stay safe and sane in a world that is suddenly unfamiliar. And no one understands this evolving landscape better than Dr. Jennifer Ashton. As ABC’s Chief Medical Correspondent, Dr. Ashton has been reporting on the novel coronavirus daily, helping Americans comprehend the urgent medical updates that have shaped the nation’s continued response to this public health crisis. Now in *The New Normal*, Dr. Ashton offers the essential toolkit for life in this unfamiliar reality. Rooted in her reporting on COVID-19 and the understanding that the virus isn’t going anywhere overnight, *The New Normal* is built on a simple foundation: thriving in this evolving world demands accepting the new normal for what it is, not what we want it to be. No longer is wellness a buzzword, but an imperative for surviving this unprecedented time. Using her trademark practical, easy-to-follow advice, Dr. Ashton gives you all the necessary information to reclaim control of your life and live safely—from exercise, to diet, to general health—showing how to prepare your body and mind for challenges such as:

- Taking proper medical precautions to protect yourself and your loved ones
- Exercising during the pandemic, even if you no longer feel safe at the gym
- Finding emotional balance through these uncertain times
- Deciphering complicated medical news to learn what to trust and what to ignore

With these straightforward and accessible strategies and many more, Dr. Ashton helps empower you to make the unexpectedly hard decisions about socializing, food-shopping, seeing doctors, and most of all, finding normalcy. At once reassuring and urgent, *The New Normal* is a holistic roadmap through the ongoing struggles of the pandemic, providing the guidance you need to navigate this unsettling time and take charge

of your future wellbeing. In this delightful series written by BabyLit author Jennifer Adams and illustrated by kidlit darling Greg Pizzoli, each book showcases a different city with lighthearted baby-appropriate text and ridiculously charming illustrations. Take a whirlwind tour of the Big Apple: cheer with the roaring crowds at Yankee Stadium, chug along peacefully on the Staten Island Ferry, wonder at the bright lights of Times Square, and say good night to the famous New York City skyline. He’s the food guru of the world.” —Ray Romano The ultimate collection of must-have recipes, stories, and behind-the-scenes photos from the beloved Netflix show *Somebody Feed Phil*. Phil Rosenthal, host of the beloved Netflix series *Somebody Feed Phil*, really loves food and learning about global cultures, and he makes sure to bring that passion to every episode of the show.

Whether he's traveling stateside to foodie-favorite cities such as San Francisco or New Orleans or around the world to locations like Saigon, Tel Aviv, Rio de Janeiro, Mexico City, or Marrakesh, Rosenthal includes a healthy dose of humor to every episode—and now to this book. In *Somebody Feed Phil the Book*, Rosenthal presents never-before-heard stories from every episode of the first four seasons of the series, along with more than sixty of viewers' most requested recipes from acclaimed international chefs and local legends alike (including Rosenthal's favorite sandwich finds from San Francisco to Tel Aviv), so you can replicate many of the dishes from the show right at home. There are also "scripts" from some of Rosenthal's video phone calls from the road with his family making this the ultimate companion guide for avid fans of the show as well as armchair travelers and adventurous at-home chefs. In *The Pursuit of Happiness* Bianca C. Williams traces the experiences of African American women as they travel to Jamaica, where they address the perils and disappointments of American racism by looking for intimacy, happiness, and a connection to their racial identities. Through their encounters with Jamaican online communities and their participation in trips organized by Girlfriend Tours International, the women construct notions of racial, sexual, and emotional belonging by forming relationships with Jamaican men and other "girlfriends." These relationships allow the women to exercise agency and find happiness in ways that resist the damaging intersections of racism and patriarchy in the United States. However, while the women require a spiritual and virtual connection to Jamaica in order to live happily in the United States, their notion of happiness relies on travel, which requires leveraging their national privilege as American citizens. Williams's theorization of "emotional transnationalism" and the construction of affect across diasporic distance attends to the connections between race, gender, and affect while highlighting how affective relationships mark nationalized and gendered power differentials within the African diaspora. Charlie Wheelan and his family do what others dream of: They take a year off to travel the world. This is their story. What would happen if you quit your life for a year? In a pre-COVID-19 world, the Wheelan family decided to find out; leaving behind work, school, and even the

family dogs to travel the world on a modest budget. Equal parts "how-to" and "how-not-to"—and with an eye toward a world emerging from a pandemic—*We Came, We Saw, We Left* is the insightful and often hilarious account of one family's gap-year experiment. Wheelan paints a picture of adventure and connectivity, juggling themes of local politics, global economics, and family dynamics while exploring answers to questions like: How do you sneak out of a Peruvian town that has been barricaded by the local army? And where can you get treatment for a flesh-eating bacteria your daughter picked up two continents ago? From Colombia to Cambodia, *We Came, We Saw, We Left* chronicles nine months across six continents with three teenagers. What could go wrong? 'Life is difficult. This is a great truth, one of the greatest truths.' A timeless classic in personal development, *The Road Less Travelled* is a landmark work that has inspired millions. Drawing on the experiences of his career as a psychiatrist, Scott Peck combines scientific and spiritual views to guide us through the difficult, painful times in life by showing us how to confront our problems through the key principles of discipline, love and grace. Teaching us how to distinguish dependency from love, how to become a more sensitive parent and how to connect with your true self, this incredible book is the key to accepting and overcoming life's challenges and achieving a higher level of self-understanding. The world's favorite expert on la dolce vita (*Under the Tuscan Sun* author) guides readers through Italy's iconic regions, replete with lavish National Geographic images. This lush guide, featuring more than 350 glorious photographs from National Geographic, showcases the best Italy has to offer from the perspective of two women who have spent their lives reveling in its unique joys. In these illuminating pages, Frances Mayes, the author of *Under the Tuscan Sun* and many other bestsellers, and New York Times travel writer Ondine Cohane reveal an Italy that only the locals know, filled with top destinations and unforgettable travel experiences in every region. From the colorful coastline of Cinque Terre and the quiet ports of the Aeolian Islands to the Renaissance architecture of Florence and the best pizza in Rome, every section features insider secrets and off-the-beaten-path recommendations (for example, a little

restaurant in Piedmont known for its tajarin, a pasta that is the perfect bed for the region's celebrated truffles). Here are the best places to stay, eat, and tour, paired with the rich history of each city, hillside town, and unique terrain. Along the way, you'll make stops at the country's hidden gems--art galleries, local restaurants, little-known hiking trails, spas, and premier spots for R&R. Inspiring and utterly unique, this vivid treasury is a must-have for anyone who wants to experience the best of Italy. Paul Theroux celebrates fifty years of wandering the globe by collecting the best writing on travel from the books that shaped him, as a reader and a traveler. Part philosophical guide, part miscellany, part reminiscence, *The Tao of Travel* enumerates "The Contents of Some Travelers' Bags" and exposes "Writers Who Wrote about Places They Never Visited"; tracks extreme journeys in "Travel as an Ordeal" and highlights some of "Travelers' Favorite Places." Excerpts from the best of Theroux's own work are interspersed with selections from travelers both familiar and unexpected: Vladimir Nabokov J.R.R. Tolkien Samuel Johnson Eudora Welty Evelyn Waugh Isak Dinesen Charles Dickens James Baldwin Henry David Thoreau Pico Iyer Mark Twain Anton Chekhov Bruce Chatwin John McPhee Freya Stark Peter Matthiessen Graham Greene Ernest Hemingway *The Tao of Travel* is a unique tribute to the pleasures and pains of travel in its golden age. Solomon demonstrates both how history is altered by individuals, and how personal identities are altered when governments alter. A guide to some of the world's most fascinating places, as seen and experienced by writer, television host, and relentlessly curious traveler Anthony Bourdain Anthony Bourdain saw more of the world than nearly anyone. His travels took him from the hidden pockets of his hometown of New York to a tribal longhouse in Borneo, from cosmopolitan Buenos Aires, Paris, and Shanghai to Tanzania's utter beauty and the stunning desert solitude of Oman's Empty Quarter—and many places beyond. In *World Travel*, a life of experience is collected into an entertaining, practical, fun and frank travel guide that gives readers an introduction to some of his favorite places—in his own words. Featuring essential advice on how to get there, what to eat, where to stay and, in some cases, what to avoid, *World Travel* provides essential context that will help readers further

appreciate the reasons why Bourdain found a place enchanting and memorable. Supplementing Bourdain's words are a handful of essays by friends, colleagues, and family that tell even deeper stories about a place, including sardonic accounts of traveling with Bourdain by his brother, Christopher; a guide to Chicago's best cheap eats by legendary music producer Steve Albini, and more. Additionally, each chapter includes illustrations by Wesley Allsbrook. For veteran travelers, armchair enthusiasts, and those in between, *World Travel* offers a chance to experience the world like Anthony Bourdain. In 1911, Hiram Bingham III climbed into the Andes Mountains of Peru and “discovered” Machu Picchu. While history has recast Bingham as a villain who stole both priceless artifacts and credit for finding the great archeological site, Mark Adams set out to retrace the explorer’s perilous path in search of the truth—except he’d written about adventure far more than he’d actually lived it. In fact, he’d never even slept in a tent. *Turn Right at Machu Picchu* is Adams’ fascinating and funny account of his journey through some of the world’s most majestic, historic, and remote landscapes guided only by a hard-as-nails Australian survivalist and one nagging question: Just what was Machu Picchu? Any Baedeker will tell us where we ought to travel, but only Alain de Botton will tell us how and why. With the same intelligence and insouciant charm he brought to *How Proust Can Save Your Life*, de Botton considers the pleasures of anticipation; the allure of the exotic, and the value of noticing everything from a seascape in Barbados to the takeoffs at Heathrow. Even as de Botton takes the reader along on his own peregrinations, he also cites such distinguished fellow-travelers as Baudelaire, Wordsworth, Van Gogh, the biologist Alexander von Humboldt, and the 18th-century eccentric Xavier de Maistre, who catalogued the wonders of his bedroom. *The Art of Travel* is a wise and utterly original book. Following the route taken by British explorer Ivan Champion in 1927, and amid breathtaking landscapes and wildlife, Salak traveled across this remote Pacific island—often called the last frontier of adventure travel—by dugout canoe and on foot. Along the way, she stayed in a village where cannibalism was still practiced behind the backs of the missionaries, met the leader of the OPM—the separatist guerrilla movement opposing the Indonesian occupation of Western New Guinea—and undertook an epic trek through the jungle. The *New York Times* said "Kira Salak is tough, a real-life Lara Croft." And Edward Marriot, proclaimed *Four Corners* to be "A travel book that transcends the genre?—It is, like all the best travel narratives, a resonant interior journey, and offers wisdom for our times." "A stunning debut by a truly gifted writer—an eye-opening read for both liberals and conservatives—and it could not come at a better time."—Adam Grant, *New York Times* bestselling author of *Option B*, with Sheryl Sandberg

What is the opposite of hate? As a progressive commentator on Fox News and now CNN, Sally Kohn has made a career out of bridging intractable political differences and learning how to talk respectfully with people whose views she disagrees with passionately. Her viral TED Talk on the need to practice emotional—rather than political—correctness sparked a new way of considering how often we amplify our differences and diminish our connections. But these days even famously “nice” Kohn finds herself wanting to breathe fire at her enemies. It was time, she decided, to look into the epidemic of hate all around us and learn how we can stop it. In *The Opposite of Hate*, Kohn talks to leading scientists and researchers and investigates the evolutionary and cultural roots of hate and how incivility can be a gateway to much worse. She travels to Rwanda, the Middle East, and across the United States, introducing us to former terrorists and white supremacists, and

even some of her own Twitter trolls, drawing surprising lessons from dramatic and inspiring stories of those who left hate behind. As Kohn confronts her own shameful moments, whether it was back when she bullied a classmate or today when she harbors deep partisan resentment, she discovers, “The opposite of hate is the beautiful and powerful reality of how we are all fundamentally linked and equal as human beings. The opposite of hate is connection.” Sally Kohn’s engaging, fascinating, and often funny book will open your eyes and your heart. As thrilling as travel can be, planning a great trip can be intimidating for those hoping for a rewarding and personalized journey. The travel editors at Fathom have spent years gathering a treasure trove of recommendations and stories from a network of interesting people who travel well (chefs, novelists, designers, innkeepers, musicians) in places both well-known and off the beaten path. All of this has been beautifully packaged up in the first edition of *Travel Anywhere (and Avoid Being a Tourist)*, a book that will inspire the traveler in you, no matter what kind of experience you're looking for. Along with compelling anecdotes, suggestions, interviews and imagery, you'll find a clever approach to being a better traveler and global citizen – everything from how to go off-grid and where to go for a once-in-a-lifetime meal, to cool ways to give back and learn more about other cultures. Whether you're getting on a plane or sitting on the couch, this book navigates readers through the full trip journey, celebrating travel inspiration, experiences and the lingering memories of it all. During a pivotal few months in the middle of the First World War all sides—Germany, Britain, and America—believed the war could be concluded. Peace at the end of 1916 would have saved millions of lives and changed the course of history utterly. Two years into the most terrible conflict the world had ever known, the warring powers faced a crisis. There were no good military options. Money, men, and supplies were running short on all sides. The German chancellor secretly sought President Woodrow Wilson's mediation to end the war, just as British ministers and France's president also concluded that the time was right. *The Road Less Traveled* describes how tantalizingly close these far-sighted statesmen came to ending the war, saving millions of lives, and avoiding the total war that dimmed hopes for a better

world. Theirs was a secret battle that is only now becoming fully understood, a story of civic courage, awful responsibility, and how some leaders rose to the occasion while others shrank from it or chased other ambitions. "Peace is on the floor waiting to be picked up!" pleaded the German ambassador to the United States. This book explains both the strategies and fumbles of people facing a great crossroads of history. *The Road Less Traveled* reveals one of the last great mysteries of the Great War: that it simply never should have lasted so long or cost so much. The extraordinary true story of a journey into the deepest recesses of the Amazon to track one of the planet's last uncontacted indigenous tribes. Even today there remain tribes in the far reaches of the Amazon rainforest that have avoided contact with modern civilization. Deliberately hiding from the outside world, they are the last survivors of an ancient culture that predates the arrival of Columbus in the New World. In this gripping first-person account of adventure and survival, author Scott Wallace chronicles an expedition into the Amazon's uncharted depths, discovering the rainforest's secrets while moving ever closer to a possible encounter with one such tribe—the mysterious flecheiros, or "People of the Arrow," seldom-glimpsed warriors known to repulse all intruders with showers of deadly arrows. On assignment for National Geographic, Wallace joins Brazilian explorer Sydney Possuelo at the head of a thirty-four-man team that ventures deep into the unknown in search of the tribe. Possuelo's mission is to protect the Arrow People. But the information he needs to do so can only be gleaned by entering a world of permanent twilight beneath the forest canopy. Danger lurks at every step as the expedition seeks out the Arrow People even while trying to avoid them. Along the way, Wallace uncovers clues as to who the Arrow People might be, how they have managed to endure as one of the last unconquered tribes, and why so much about them must remain shrouded in mystery if they are to survive. Laced with lessons from anthropology and the Amazon's own convulsed history, and boasting a Conradian cast of unforgettable characters—all driven by a passion to preserve the wild, but also wracked by fear, suspicion, and the desperate need to make it home alive—*The Unconquered* reveals this critical battleground in the fight to save the planet as it has

rarely been seen, wrapped in a page-turning tale of adventure. NEW YORK TIMES BESTSELLER “Travels with George . . . is quintessential Philbrick—a lively, courageous, and masterful achievement.” —The Boston Globe Does George Washington still matter? Bestselling author Nathaniel Philbrick argues for Washington’s unique contribution to the forging of America by retracing his journey as a new president through all thirteen former colonies, which were now an unsure nation. *Travels with George* marks a new first-person voice for Philbrick, weaving history and personal reflection into a single narrative. When George Washington became president in 1789, the United States of America was still a loose and quarrelsome confederation and a tentative political experiment. Washington undertook a tour of the ex-colonies to talk to ordinary citizens about his new government, and to imbue in them the idea of being one thing—Americans. In the fall of 2018, Nathaniel Philbrick embarked on his own journey into what Washington called “the infant woody country” to see for himself what America had become in the 229 years since. Writing in a thoughtful first person about his own adventures with his wife, Melissa, and their dog, Dora, Philbrick follows Washington’s presidential excursions: from Mount Vernon to the new capital in New York; a monthlong tour of Connecticut, Massachusetts, New Hampshire, and Rhode Island; a venture onto Long Island and eventually across Georgia, South Carolina, and North Carolina. The narrative moves smoothly between the eighteenth and twenty-first centuries as we see the country through both Washington’s and Philbrick’s eyes. Written at a moment when America’s founding figures are under increasing scrutiny, *Travels with George* grapples bluntly and honestly with Washington’s legacy as a man of the people, a reluctant president, and a plantation owner who held people in slavery. At historic houses and landmarks, Philbrick reports on the reinterpretations at work as he meets reenactors, tour guides, and other keepers of history’s flame. He paints a picture of eighteenth-century America as divided and fraught as it is today, and he comes to understand how Washington compelled, enticed, stood up to, and listened to the many different people he met along the way—and how his all-consuming belief in the union helped to forge a nation. "Be prepared to learn a lot

about the culture while you follow Amanda on her adventure.&”—Laura Best, author, *Bitter, Sweet & “What a great way for a young person to learn about a culture and to be inspired to experience other countries themselves.”*—Irene Butler, author, *Trekking the Globe with Mostly Gentle Footsteps* Amanda Ross is on a school trip to Taos, New Mexico with several of her fellow creative students. She shares a room with Cleo, an anxious classmate who insists she sees ghosts. Although Amanda is determined to prove there is no such thing, she can't seem to shake the feeling that something or someone is watching her. Join Amanda, Cleo and their funny friend, Caleb, as they visit a rugged and beautiful landscape where a traditional hacienda, an ancient pueblo, and a haunted and spooky hotel all hold secrets to a wild and violent past. Does Cleo really see ghosts? Can Amanda escape the eerie wind that follows her everywhere? Perhaps *The Day of the Dead* will reveal the mysteries of Taos in this latest adventure of Amanda's travels. Scott Peck, M.D., offers a needed prescription for our deeply ailing society. Our illness is Incivility--morally destructive patterns of self-absorption, callousness, manipulativenness, and materialism so ingrained in our routine behavior that we do not even recognize them. There is a deepening awareness that something is seriously wrong with our personal and organizational lives. Using examples from his own life, case histories, and dramatic scenarios of businesses that made a conscious decision to bring civility to their organizations , Dr. Peck demonstrates how change can be effected and how we and our organizations can be restored to health. This wise, practical, and radical book is a blueprint for achieving personal and societal well-being. The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in

all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.
